

Kompressflat/yellow Layflat compressed air hose

Image not found or type unknown

Technical specifications:

The layflat compressed air hose is lightweight. It's persistent against oils and fats. It's easy to handle and transport because of the lightweight and small space requirement. These features make the hose especially practical for workplaces, construction sites or scaffolds. The hose is ozone, ageing and oil resistant.

Heat resistance: -30°C / +70°C

Storage lots, splitting of the rolls are possible. Meantime, we hold the right of selling the stock in products.
