

## **Metal hose with Fix/Swivel flange DN 25 x 1500**

### **Technical specifications:**

It is a DN 25 x 1500 mm flexible metal hose, with acid resistant metal coating.

On one end there is a fix DN 25 PN 16 carbon steel flange.

The other end has loose DN 25 PN 16 carbon steel flange, and thick hose coupling ring (the picture is not the same, it's just for illustration).

Storage lots, splitting of the packages are possible. Meantime, we hold the right of selling the stock in products.
