

## Pyroflat/White Layflat industrial hose with rubber interior

### Technical specifications:

The layflat water hose has a polyester cover, and rubber interior. It is suitable for the construction sector and agricultural use, for example as discharge hose for pumps. The EPDM rubber interior has a great resistance against chemicals, cold and higher temperature.

**Felirat:** logo - PYROFLAT

**Heat resistance:** -30°C / +80°C

**Interior:** black, EPDM rubber, ageing and ozone resistant

**Exterior:** white, circular weaved polyester fabric, UV and ozone resistant

Storage lots, splitting of the rolls are possible. Meantime, we hold the right of selling the stock in products.

### 20 m length assembled with Storz coupling

| Size | Length (m)                        | Article number |
|------|-----------------------------------|----------------|
| 2"   | 20 assembled with Storz coupling) | 102393         |
| 3"   | 20, assembled with Storz coupling | 102394         |
| 4"   | 20, assembled with Storz coupling | 102395         |

### In meter

| Size | Roll size (m) | Operating pressure (bar) | Bursting pressure (bar) | Article number |
|------|---------------|--------------------------|-------------------------|----------------|
| 2"   | 100           | 16                       | 50                      | 102391         |
| 3"   | 100           | 16                       | 50                      | 102392         |
| 4"   | 100           | 10                       | 30                      | 100003         |
